I am proud to have known Alex Wesley. We went to high school together. He helped us on our ranch during the summers. I remember specifically my senior year playing football when I stayed after practice to work on my passing skills and he stayed with me to be the receiver. We stayed in touch over the years wishing each other happy birthday, etc. I did take the time to tell him how much I appreciated him during football practice and when we played basketball for LHS. Thanks for the time together. D

I remember Alex mostly from sports. He may not have been the fastest or biggest, but he had more drive than anyone. In sports Alex could always be counted upon and would have his teammates back. When he made the basketball team at Tarleton I was so proud for him! We will all miss that smile and laugh. RIP Alex
