Alton was born to Alton B. and Johnnie B. (Davis) Bradshaw on January 9, 1950. Alton lived in Brady throughout his life and was a Baptist. He had a passion for the Bradshaw family reunions where he spent many hours frying fish for the family for the past 30 years. Another event that Alton looked forward to each year was the World Championship BBQ Goat Cook-Off where he and his team, 3-B and Company, had won many awards over the years. These awards included the World Championship, Superbowl Champs as well as Mystery Meat Champs. These were very special times that he spent with his team members, his cousin Charlie Bradshaw, his longtime best friend Blake Box as well as many family and friends. Alton loved the outdoors and enjoyed hunting and fishing. His life long dream was to move to the Texas coast and be able to fish daily in the gulf. Alton also enjoyed sports. If given the opportunity he would be watching sports either in person or on the television. Alton loved to tell his stories in great detail. If he could find an open ear he was telling a story. These will be greatly missed.
