“ *My deepest condolences to the family of Amelia who was a neighbor and friend during most of my childhood. Amelia was always kind-hearted and loving towards me and my family. I'll always have have fond memories of her as we shared meals, made homemade ice cream, or played games in the backyard. I pray that peace and comfort will embrace Amelia's dear family. It is with heavy heart and deepest sympathy to friends and families of Ms Britton! She was one of the most precious and beautiful people that I have ever known. I went to school with both Debra and Belinda and then when I had children came to know Latrisha as Chris was my son, RC's coach. Years went by and as fate had a hand in my getting to know and love this precious lady! I went to work as the new Activities Director at Brady West Rehab and Nursing Facility. It was there that I again had the honor of meeting and working with this sweet lady! She and I became fast friends and I looked forward to seeing her every day. She knew no strangers and had numerous friends that will surely miss her. She enjoyed everything that I suggested in the ways of activities and if she didn't, no one ever knew. She always had a ready smile and kind word. I unfortunately had knee surgery and was out when she passed and it was too late when I found out about her services. I want again to express my condolences and blessings for the privilege to have met and loved this precious lady.

*Sincerely,
