“ My favorite memory of Clara Louise was her dragging main street in her red GTO with a white top. She would have the windows open, her blonde hair blowing in the wind and her radio tuned to rock-and-roll KOMA out of Oklahoma City. She was a very sweet and friendly person. I could never understand why she went to school in Brady, but that is another mystery. I often meant to look her up in my visits to Menard, but there always seemed to be so little time. I hope she rests in eternal peace in the loving arms of the Lord. She will be missed.

“ Our prayers and thoughts are with you. Clara will be missed by all who knew her. Norma graduated with her in 1967 and remember her performance in the senior play "Our Town".

“ Clara Porter moved to the ranch near Menard when we were freshmen in High School. She was a good friend. I remember spending the weekend at the ranch one weekend. It was cold in the house, but the fireplace was warm and cheery. For supper, Mrs. Porter fixed a salad with avocado. Remember - this was 1963 - and Brady was a small town. It was the first time I had ever had avocado. I still love them today and every time I eat one, I think of Clara and her family. Words cannot express my sorrow for your loss. Remember the good times.
