“ Dear Laura, Ted, and Family: So sorry for your loss. It just reinforces how little physical control we have over the fate of others, and how we have to trust in God for the outcome of any life or death situation. We ask that God be with you and comfort you during this difficult time. Please be careful on your trip to and from the events so that we can exchange stories about our dear parents and how they may view these times in their past conversations. We're not there, but we ARE with you.
