“ Most people do not get to know their Great Aunts very well but I was fortunate to get to do so. We spent every Summer and a few times in between visiting Brady as I grew up. Fayrene's oldest Sister happened to be my Grandmother whom I was raised with and Rick used to come home with us in the Summer to visit a couple of weeks. I have so many memories of her and her parents, my Great Grandparents. One of the funniest was the time I had a bike accident and would not let anyone touch my scraped knee or come near the splinters in my hand. I thought Aunt Fayrene was at work so I told them I would only let her take care of me because she was a real Nurse. I thought I was buying time and they would forget but unfortunately for me, she was home and they called her right over and she took me in the bathroom where I remember bawling and squalling and her getting so stern with me so I would sit still. It shocked me so that I stayed still and did what she said. As a grown up I see now she really had what it took to be a Nurse. I know from stories my Memaw would tell, that she was always a very strong woman.

I know she was a great person to have around for many people throughout her life and she will be sorely missed. I haven't got to see her since the Summer of 2003 when we had a reunion in Brady. If I had known that was going to be the last time I was going to see her I think I would of hugged her a little tighter. I know one day we will have the best reunion to top them all.

My love and prayers to my Cousins, Rick and Mike and all her Family and Friends who loved her. She will be sorely missed as much as she was loved, I am sure.

“ Fayrene was a special lady. When I worked EMS Fayrene worked at the hospital. A few years ago I was blessed to join the McDonald's Breakfast Group. It was so much fun being a part of those precious ladies. Loved visiting with Fayrene and talking about the hospital days. Have missed not being to able to visit with any of them the last several months. Fayrene was amazing. ❤️

“ My love & sympathy to Fayrene's family. Fayrene and I shared a special friendship for over 50 years. We have cried together, laughed together and shared many thoughts through the years. She was one tough lady and stayed firm in her faith when things were really falling apart and in her months and months of struggle. I loved her dearly and will miss her every day. God is so good and I thank Him for giving me the blessing of my friendship with Fayrene.
