“ He was my great-grandfather and we were very close. He was like a father to me, as my father died when I was young. He always talked about chemistry with me and it was I always learned something new when I talked to him. I will miss him forever.

“ Fred was so very kind and always stopped to talk. He wrote poems for retirees at their parties and were always funny and very creative. I will miss his great smile even though now a days I would only see him at the post office. We worked together at 3M for a long time.

“ Fred was one of the nicest guys I've ever met. I had the honor and pleasure to work with Fred at 3M for many years, and always enjoyed speaking a few words in German with him. Rest In Peace, Fred! I will miss you. My condolences to Barbara and her family.
