“ Kassie was an amazing floral designer and a great mentor. I am so grateful to her for taking a chance on me with so little experience and teaching me so much. While I did move on a couple of months ago, for personal reasons, I will never forget all of the generosity she and Jessica showed me while I was working at the flower shop. She will be missed, but I know we'll see each other again some day. I am comforted by her words right now because, as I lost 5 family members within a 10 month period, she often told me, "I know that your loss isn't easy, but I'm sure they wouldn't want you hurting, but rather rejoicing in the knowledge that they are in a much better place now..." My thoughts and prayers are with the family, with my sincerest condolences and fondest of memories.
