“ I am still shocked by the passing of my friend of over 21 years. We shared and laughter and our tears. We shared our sons and our hopes for our children and grandchildren. i thought I'd pass long before Lyla. I know she loved her children, her family, friends and her God and country.
She had a beautiful singing voice and I pray that God has asked her to join his choir at His throne.
I will be saying prayers of comfort for her family and especially her children and grandchildren. Prayers for husband whom she loved and honored. Lyla, I will miss our phone calls. They always gave me smiles. And that is a wonderful gift my friend. With love, Frankie and isaiah.
