“ *I'm sorry Mel.
I remember when we went to Tilted Mug and just ran up onstage while that goofy dude was singing and acted like his backup dancers.
You liked the same nerdy things as me like listening to video game music and old school Nintendo.
I remember how much you loved it when I played Chandelier on the piano.
I remember your funny black and white movie voice impression.
That time I was hungover and you made a hangover cure drink out of just stuff laying around. You were great with food in general.
You were talented in so many ways. And smart and funny and generous and fun.*

*I'm sorry Mel.
I'm going to miss you.*
