“Loved Opal so much. She and James were friends with my parents as I was growing up. She was always so sweet to me and I counted her very special. My strongest memory of Opal was the night the Beatles premiered on the Ed Sullivan show. We were visiting in Brady and I wanted so badly to watch the show. Mom said I didn't need to watch those "long hairs" but Opal got a stool, set it right in front of the TV and turned it on for me! A beautiful Angel has entered Heaven. You will be missed.
