“ *Menard can no longer be the same without Ralphs energy and spirit- He taught me several things about business and life- Watch the pennies and the dollars mind themselves. Say a blessing for the ham. If it isn't good for everyone, it's good for no one. There is always time for a story...*

*Best to you always Ralph, you will be remembered with fondness and smiles. From your #1 Alaskan artist and friend- Alex*

“ *I will miss Ralph. He had his own way of doing things. I enjoyed his stories on the sales travels he use to make and the interesting people he has met through the years.*
