“*Bro. Pat was a good man and always cheerful when I visited him at the shop. I was so enthused to have found him again when shop moved as he was the first practicing-Christian barber/stylist I've had in over 20 years time, he seemed to be "walking the walk" when others couldn't give evidence or testimony of their Christian affiliation and statements of faith (Thanks Pat for being REAL). You may or may not know this of Pat, but he also cared for the disabled and would see to it that they had what they needed to get around (I was a blind fella getting off/on buses to come from his first Cove shop, later from out of cars and Pat always escorted me safely in/out of the shop from vehicles to chairs and back - sometimes even leaving a client in the chair to see it I was safe in/out, AND ALWAYS with a smile and encouraging words, letting me know he'd be happy to see me again - Thanks Pat!). -- Until we see each other face to face with Jesus, keep worshipping man. Family/friends: God bless you, much to those in Pat's family with special comfort and love in these days... he'll be missed by both personality and his professional TOUCH. Amen. - Andrew Simpson of Copperas Cove*
