“ timmy was my best friend, he was constantly with me everyday by my side and always the light of the party. there was never a dull moment with him, you could always depend on him, and always go to him if you needed a laugh. sitting down and having deep talks was the best memory i could share, getting to know him over the years was the best thing that could've happened to me. he was the most welcoming person and always was outgoing when meeting new people. I miss you Timmy, rest easy.

“ Timothy was one of my best friends and when I heard what happened I just couldn't believe it and to this day I still do not believe that he is really one. At random times I cry some days I even cry myself to sleep. I have dreams that Timmy will just show up at school one day and everything will just go back to the way that it was.

*I love you Timmy

“ I didn't really know him my mom did though and it's horrible and udderly disgusting to see kids film and mess with his body as he's clearly injured then post it on the internet like it'll get them some clicks but in reality your making fun of a really good kid that tragically lost his life and to anyone out there that found that video amusing you are a horrible person Timmy didn't deserve that he just wanted to do stuff so if you don't mind imma say a little prayer for him.

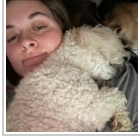

Eternal rest grant unto them, O Lord, and let perpetual light shine upon them. May their souls and the souls of all the faithful departed, through the mercy of God, rest in peace. Like the seed buried in the ground, you have produced the harvest of eternal life for us; make us always dead to sin and alive to God. you will forever be in our hearts Amen.
