“ *Gail was full of energy and fun. She said what she meant; she meant what she said. She was tough. I mean, really tough with lots of endurance. For instance, it was nothing for her to travel 21 or more hours straight from Texas to Augusta, GA . She'd arrive in GA with energy to burn. Full of laughter and happiness. Always ready for whatever came next! Gail adored her family and was extremely devoted and supportive.*

*She was strong in her Faith in The Lord Jesus Christ. She was my sis-in-law and friend. Even though we haven't talked in years, I will always, always love her. A truly Great Lady has left us in time. Please take comfort that we will see her again in eternity. God bless you all.*
